Mr. George E. Post, . . . N. Y.
Dr. Edmund R. Walker, . . . S. C.

# Scheme of Daily Studies

OF

THE CURRENT ACADEMICAL YEAR,

## IN THE DEPARTMENT OF SCIENCE AND LETTERS.

### First Term.

| CLASS. | 1st HOUR. | 2d HOUR. | 3d HOUR. |
|---|---|---|---|
| FRESHMEN, ..... | Latin. | Mathematics. | Greek. |
| *SOPHOMORE, ..... | Greek. | Modern History. | Mathematics. |
| *JUNIOR, ..... | Intellectual Philosophy. | Greek. | Natural Philosophy. |
| †SENIOR, ..... | Moral Science and Ethics. | Latin. | |

### Second Term.

| CLASS. | 1st HOUR. | 2d HOUR. | 3d HOUR. |
|---|---|---|---|
| FRESHMEN, ..... | Greek. | Mathematics. | *Rhetoric. |
| SOPHOMORE, ..... | Mathematics. | English Literature. | Latin. |
| *JUNIOR, ..... | Logic. | Latin. | Natural Philosophy. |
| †SENIOR, ..... | Evidences of Revealed Religion, Constitutional and International Law. | Greek. | |

### Third Term.

To be arranged on opening.

*** Modern Languages are pursued in a fourth hour, when desired.

French, Tuesday and Thursday, at 1 P. M.

German, Wednesday and Friday, at 1 P. M.

* Compositions and Declamations in the class on alternate Mondays.

† Essays and Reviews each Monday—Forensic Discussions monthly.

# List of Studies.*

## FRESHMEN CLASS.

FIRST TERM.

Arnold's Latin Prose Composition.
Livy.
Herodotus, or Homer.
Arnold's Greek Prose Composition.
Algebra, to Section XIII. *Loomis.*
*Exercises in Translation.*

SECOND TERM.

Homer's Odyssey. Herodotus. Arnold, (*Continued.*)
Algebra. *Loomis.*
Rhetoric. *Whately.*
*Exercises in English Composition and Translation.*

THIRD TERM.

Lucian. Homer's Odyssey.
Horace.
Arnold, (*Continued.*)
Geometry. *Loomis.*
*Exercises in Translation.*

——:o:——

## SOPHOMORE CLASS.

FIRST TERM.

Geometry and Trigonometry. *Loomis.*
Xenophon's Memorabilia. Arnold, (*Continued.*)
Modern History. *Weber.*
*Exercises in English Composition and Translation.*

## TERMS OF ADMISSION.

For admission to the Freshmen Class, an examination in the following or equivalent studies is required : English Grammar, Geography, Elements of History, Arithmetic and Algebra through simple equations, Six Books of Cæsar's Commentaries, Eight Books of Virgil's Æneid, Six Orations of Cicero, Sallust, Greek Testament, Three Books of Xenophon's Cyropædia, and Two Books of Homer's Iliad.

Candidates are examined on Tuesday before the Commencement, and on the Tuesday previous to the third Wednesday of September.

The Annual Commencement takes place on the Wednesday preceding the 4th of July; from which time there is a vacation to the third Wednesday of September.

Besides this, there is a recess of one week, from Christmas till after New Year's; and of two weeks, commencing on the first Monday of April.

## PRICE OF TUITION.

The price of Tuition is eighty dollars per annum, to students who pursue a course amounting to three daily recitations or lectures. Those who pursue particular branches pay in proportion.

An additional charge of ten dollars per annum is made for the incidental expenses of the Institution.

The Tuition and Incidental fees are payable in half-yearly advance payments, namely, on the 1st of October and the 1st of February.

Meritorious and suitably qualified young men—embracing those who aim at high literary cultivation, as well as professional pursuits, whose circumstances require it, may have the benefit of a Scholarship, which exempts from charge for tuition.

## GENERAL REGULATIONS.

The Scriptures are read and prayer offered every morning in the

chapel, when the Chancellor or one of the Professors officiates, and the students are required to be present.

Students whose parents reside in the city, are supposed to live in their own families; for those who come from a distance, boarding may be obtained in respectable private families.

Any student who shall injure or deface the building, in addition to such penalties as the Faculty shall see fit to inflict, will be subject to the expense occasioned by the necessary repairs.

Habitual indolence and inattention to study will be regarded as an offence against the laws and the spirit of the Institution, and will be made the subject of such discipline as the Faculty may deem expedient.

Any student who frequents billiard rooms, taverns, or other places of corrupting influence, will not be allowed to remain a member of the University.

All instances of absence from the chapel and recitation, or tardy attendance upon the same, unless explained by a note from the parent or guardian, or otherwise satisfactorily accounted for to the officiating Professor, will be communicated to the parent or guardian, and will subject to discipline. No student will be permitted to leave the city during term-time, unless a request to that effect be made by his parent or guardian.

No meeting of the students can be held in the University for the transaction of any kind of business, unless by permission.

Every student is free to attend to such Department as his guardian may select; but in order to receive the Degree of Bachelor of Arts, he must have pursued the course of study prescribed in the Departments of Ancient Languages, Mathematics, Natural Philosophy, Chemistry, and the Moral Sciences, which is designed to occupy three hours a day for four years. When the student has completed the full course of instruction in any Department, he may receive a Diploma certifying the branches of study pursued.

## HONORS AND PREMIUMS.

A PREMIUM will be awarded to the student who passes the best examination for admission to the Freshman Class, and one to him who passes the next best examination. Competitors for the two premiums will be examined on the first Saturday after the term commences, and such examination shall embrace the studies required for admission—in Latin, Greek, Arithmetic and Algebra through simple equations.

At each Commencement the following premiums will be awarded:

In the Sophomore Class, three prizes of equal value, namely, one to the student of highest standing in Latin; another to the same grade in Greek; and the third to the same grade in Mathematics. In the Freshman Class, three prizes of equal value for the same studies in said class. The standing of candidates for these premiums is to be decided by the records of the daily recitations throughout the year, and a special examination on the studies of the year at its close.

At each Junior Exhibition at the close of the Spring Term, orations will be assigned to eight students standing highest in the class, and the two College societies shall each appoint one additional. A prize, to be called "The Webster Prize," will be given to the best speaker on the occasion, to be awarded by a committee not connected with the University.

At each Commencement the Valedictory Oration is regarded as the First Honor of the Class—the Latin or Greek Salutatory as the Second—the English Salutatory as the Third—and the Philosophical Oration as the Fourth; while all orations are honors.

The Degree of Bachelor in Science will be conferred on such students as have successfully pursued, for three years, the various branches of science taught in the Institution, and whose examination in the same shall be sustained by the Faculty.

——:o:——

# Special Scientific Departments.

## SCHOOL OF DESIGN.

*In charge of* Professor Cummings, N.A.

The Course in this Department embraces Elementary Drawing in Lead Pencils and Crayon, from examples from the Round, (School of the Antique,) from Nature, and from the living Models; Painting in Oil and Water Colors, from examples from Nature, and from the living Models; General Principles of Composition; School of Ornament; the Arts of Design—their application and advantages to the Mechanic Arts.

## SCHOOL OF CIVIL ENGINEERING AND ARCHITECTURE.

*Civil Engineering in charge of* Prof. Bull. *Architecture in charge of* Prof. Cummings.

The Course in this Department comprehends Geometrical Drawing, the use of Instruments and Problems in Graphical Calcu-

lations; Land Surveying and Levelling, with the use of Instruments, and field operations; Descriptive Geometry; Astronomical Observations and Calculations for determining Latitude, Longitude, etc.; Geodesy, Marine Surveys, and Field Topography; Linear Drawing, with Coloring and Shading, as applied to Engineering and Architecture; Science of Masonry and Carpentry, of Machinery, and the Founder's Art; Construction of Machines, Mill-work, Steam-engine Locomotives, etc.; Principles of Architecture, with the elements of Design, Construction, and Estimates; Construction of Bridges, etc.; Construction of Railroads, location, curves, cutting, filling, laying track, etc.; Railroad Management; Construction of Canals and Aqueducts, Water-Works, Sewers, Drains, etc.

### SCHOOL OF PRACTICAL CHEMISTRY.

*In charge of* Dr. Draper.

The Course includes Experimental Chemistry in all its branches, its Qualitative Examination and Quantitative Analysis of Substances, both inorganic and organic. Blowpipe Analysis and Mineral Assays. The principles of Chemical Research, as applied to Agriculture and the Manufacturing Arts. The Methods for the detection of Poisons. The Physiological Examination of the various Animal Products and Secretions, and the use of the Microscope.

——:o:——

## Department of Medicine.

### SESSION, 1858–9.

The Session for 1858–9 will begin on Monday, October 18, and will be continued until the 1st of March ensuing.

### COURSE OF INSTRUCTION.

The Courses of Lectures given will be on Anatomy—General, Descriptive, Surgical, and Pathological; Principles and Operations of Surgery; Materia Medica and Therapeutics; Institutes and Practice of Medicine; Obstetrics, the Diseases of Women and Children, with Clinical Midwifery; Chemistry and Physiology; Clinical Surgery; Clinical Medicine; Clinical Lectures on the Diseases of the Genito-Urinary Organs; Clinical Lectures on the Diseases of Women and Children; Clinical Lectures on Physical Diagnosis.

## CLINICAL INSTRUCTION.

Clinical Instuction constitutes a prominent feature in the plan of education; and the unlimited resources of New York enable the Faculty to carry out the object which, to the practitioner, whether in surgery, medicine, or obstetrics, is the great end of medical study—namely, *familiarity with disease at the bedside.*

## MUSEUMS, APPARATUS, ETC.

The Anatomical and Surgical Museums are rich in preparations of practical value. They contain the extensive collections of Professors Mott, Bedford, Post, and Van Buren.

The Professor of Chemistry has procured a chemical and philosophical apparatus, adapted to the illustration of a complete course of general and medical chemistry, and is constantly adding to this collection.

The Professor of Materia Medica and Therapeutics has collected an herbarium of the choicest specimens. The collection in materia medica is also very complete. In addition he possesses an extensive collection of drawings, all made under his own immediate supervision. These paintings are executed upon an enlarged scale, and are accompanied by other medical floras, representing the plants of their natural size. The Professor has also added to the collections his cabinet of minerals.

The collection of preparations belonging to the Professor of Obstetrics, together with a complete apparatus for the illustration of every portion of his course, will enable him to be thorough in his demonstations.

## MOTT-MEDALS.

Three Medals will be given to Candidates for Graduation, as follows: One of Gold, One of Silver, One of Bronze.

The *Gold medal* to the candidate who shall prepare the best dried Anatomical or Anatomico-Surgical preparation.

The *Silver medal* to the second best of that description.

The *Bronze medal* to the candidate who shall furnish the best book of recorded cases, and remarks of the Professor of either of the Surgical Clinics.

## REQUISITES FOR GRADUATION.

The Examination for the Degree commences about the first of

March, and continues daily until the candidates shall have been examined.

The following are the requisites for the diploma: 1. The candidate must be 21 years of age. 2. He must have attended two courses of medical lectures; one of which must be delivered in the medical department of the University of New York. 3. The candidate must have studied medicine for three years, (the terms of attending lectures being included in these,) under the direction of a respectable medical practitioner. 4. He must write a medical thesis, either in the English, Latin, or French language.

## FEES FOR THE WINTER COURSE.

| | |
|---|---|
| Full Course of Lectures, . . . . . | $105 |
| Matriculation Fee, . . . . . | 5 |
| Fee for Instruction by the Demonstrator, . | 5 |
| Graduation Fee, . . . . . | 30 |

## SPRING, SUMMER, AND AUTUMN COURSE OF LECTURES.

The Faculty, with a view of increasing the facilities for medical education, without increasing its expense, instituted in 1852 a spring, summer, and autumn course of lectures, which will commence, the present year, on the 22d day of March, and be continued to the 18th day of October, when the usual winter lectures will be resumed. These lectures will be delivered partly by the Faculty, and partly by the following gentlemen:

T. C. Finnell, M.D., on Pathological Anatomy.
T. Gaillard Thomas, M.D., on Obstetrical Operations.
P. A. Aylett, M.D., on Physiology.
William R. Donaghe, M.D., on Surgical Anatomy.
Godfrey Aigner, M.D., on Medical Botany.
Cyrus Ramsay, M.D., on Medical Jurisprudence.

Students who have attended the winter course of lectures are admitted to the spring, summer, and autumn course *free of charge.* Those who have not attended the winter course, will be admitted on payment of the matriculation fee and $25; and should they decide on becoming pupils of the University for the winter course ensuing, the $30 thus paid will be credited to them on taking out their tickets for that course. The student will, therefore, gain in this manner seven months' instruction free of cost.

Graduates who may have attended the optional course, will have conferred on them a certificate of honor, as an evidence of

their having pursued a fuller course of medical instruction than that usually followed by students.

### BOARDING.

Good board can be obtained in the vicinity of the College, at about $4 per week.

Letters may be addressed to Professor DRAPER, President of the Faculty, University, New York.

—:o:—

## Grammar School Department.

THE Faculty of the University visit by monthly committee.

The Course of Instruction embraces all those studies usually taught, preparatory to college or commercial pursuits.

There are three Departments—the *Primary*, *Commercial*, and *Classical*. Students not intending to take a full College Course, are, after completing the preparation of the Grammar School in English and Mathematics, allowed to pursue particular branches in connection with the University classes.

### TERMS PER QUARTER.

| | | |
|---|---|---|
| Primary Department, . . . . | $10 to | $13 00 |
| Commercial, including Book-keeping, . | 15 " | 20 00 |
| Classical, if including a full Course, . . | | 20 00 |
| French, German, and Spanish, . . | each, | 5 00 |
| Drawing, . . . . . | | 3 00 |
| Stationery, . . . . . | | 50 |

Application for admission may be made at any time at the University Grammar School Department.

### PUPILS IN THE GRAMMAR SCHOOL, 1857-8.

| | | | |
|---|---|---|---|
| Pierre Abel, | New York. | Edwin Bergh, | New York. |
| José A. Alvarez, | Cuba. | Henry Bergh, | New York. |
